Terms on application.

INTRODUCTION

THE coins offered have been collected in order to show a comprehensive series of Roman Portraits in the best condition and style, in silver wherever possible.

Exceptional pieces are those of Brutus (9), Labienus (10), Caius Antonius (18), Augustus and Agrippa (27), Domitilla (65), Plotina (81), Marciana (82), Matidia (83), Manlia Scantilla (140), Pescennius Niger (143), Tranquillina (235), Pacatian (244), Cornelia Supera (260), Tetricus I (297) and Julian Tyrannus (314). The coins of Carausius and Allectus (323-339) comprise many rare and fine pieces. Other coins seldom offered are those of Severus II (351), Alexander (355), Constantine I with Crispus and Constantine II (364), Decentius (386), Vetrano (387), Nepotian (388 and 389), Eugenius (426) and Eudoxia (435).

In the XIX plates, reproduced from plaster casts, the cataloguers have illustrated every coin. Needless to say, it is many years since a comparable selection has appeared for sale.
